TELSTAR GRIDDERS SCORE TWELFTH STRAIGHT WIN —THIRD THIS YEAR

Jay Is 22-0 Loser

Telstar's Rebels drove for a pair of first half touchdowns and made them stand up throughout a rain-soaked second half on their home field Saturday afternoon in defeating Jay High 14-0 in Mountain Valley Conference action.

It was the 12th straight victory over a two-year span for the defending conference champions and gave them a 3-0 mark this year. Jay dropped to 0-3 with its third close loss.

Halfback Wayne Cummings drove over from four yards out in the first period, capping a 48 yard drive in eight plays. Gary Wight added the extra point with a placement.

In the second quarter, full-back Doug Brooks raced 12 yards up the middle to polish off a 65 yard drive that took 12 plays. Wight made the placement.

The Jay attack was throttled throughout the day by a tough Telstar defense and managed to get across the 50 yard line only twice. In trying to cope with the sloppy footing and wet ball, each team fumbled five times.

By periods:

Telstar	7	7	0	0—14
Jay	0	0	0	0— 0

T–Wayne Cummings, four yard run (Wight placement); T — Doug Brooks, 12 yard run (Wight placement).

MOST STATE PARK LANDS TO BE AVAILABLE FOR HUNTING

Hunting will be permitted on the majority of Maine's State Park lands this fall.

Lawrence Stuart, Commissioner of the Department of Parks and Recreation has announced that the Governor and Executive Council has authorized the department to permit hunting and trapping on lands under its jurisdiction. A revision of the rules and regulations pertaining to hunting and trapping in State Parks will be issued shortly, Stuart said.

The new rules are the result of a conference between the heads of the Department of Parks and Recreation and the Department of Inland Fisheries and Game. They were worked out to provide maximum public use of State Parks and good game management. Hunting in the open parks will be permitted only in conformity with the regulations of the Department of Inland Fisheries and Game.

In order to ensure that the opening of some parks to hunting does not present a hazard to public safety, areas that are heavily used by non hunters will be closed to hunting. Additionally, some parks will be closed for game management reasons. Areas to be closed include Crescent Beach, Wolf Neck, Cobscook Bay, Reid, Two Lights and Sebago Lake State Parks, all State Memorials, and the Holbrook Island Sanctuary. In addition, work areas and areas developed for public use in open parks may be posted and closed to hunting in the best interest of public safety.

The opening of the park areas to hunting is part of the Department of Parks and Recreation policy to encourage four-season use of its parks, Stuart said.

COMMENTS FROM THE TOWN MANAGER'S OFFICE

Effective Oct. 3, 1973, a new law enacted by the last legislature will permit the courts to fine anyone allowing dogs to run at large a minimum of $25 and a maximum of $100. This exceeds the fine imposed by our dog ordinance by a considerable amount.

BETHEL HISTORICAL SOCIETY ON THE MOVE

Of significance to everyone in the area, but of special interest to Bethel itself, is the October meeting of Bethel Historical Hociety, at which time ownership of the Moses Mason House will be transferred from the Bingham Foundation to the Society. The Moses Mason House will benefit the town in many ways, attracting visitors to this unique landmark; it will give those donors of appropriate family treasures of the period, the satisfaction of direct participation in the project; and it should give all citizens of Bethel a sense of pride in the achievements of its Historical Society. The Meeting Hall, a beautifully decorated building which used to be the old barn, will provide a gathering place for those interested in art, cinema, lectures, exhibits, handicraft demonstrations and a variety of related activities and it will give the children and young people of Bethel a place for learning and for growing in the knowledge that all history is linked to the present — that, as has been so aptly put, "The Past is Prologue".

The October meeting will be held as usual at 7:30 p. m. on the first Thursday of the month, in this case Oct. 4, and the Society hopes for a large attendance of members and would be members. Dr. Sidney Davidson and others from New York representing the Bingham Foundation will be on hand for the occasion. Refreshments will be served. All persons interested are welcome, bearing in mind that this will be the first meeting to be held in the Meeting Hall of the Moses Mason House.

VOLUNTEER PROGRAM FOR S. A. D. 44 SCHOOLS

A program of using volunteers in M S A D #44 is being organized. With increased school needs accompanying increased financial pressures, school districts throughout the country have found volunteer helpers of tremendous value Certain of S. A. D. 44 elementary schools are already using interested parents and friends in this program. The Crescent Park School Library has operated entirely with volunteers for a number of years to the great benefit of teachers and pupils

The type of duty to which volunteers are assigned can vary Of basic interest is the Reading Program described nationally as "the right to read" Under the direction of teachers volunteers will be asked to assist in such matters as listening to children read or correcting work books in order to give the individual child the attention which is so basic in developing reading skills Also, if volunteers are available with particular skills in mathematics there are pupils who can benefit from individual attention in this area also

Other volunteer tasks could include such tasks as setting up Science experiments, helping with Audio Visual equipment, helping in the Library, running the reproduction machines The aim is to give the teachers more time for the actual work of teaching

Volunteers interested should call the various district schools as follows:

Edward Flynn, principal, Crescent Park (824-2550), Ethel Babee (824-2743), Robert Homer, principal, Andover (392-4301), James Johnston, Woodstock (665-2), Locke Mills (875-3572); Howard Wales, assistant principal, Telstar (824-2027).

UPTON

— Mrs. Arline Bernier, Correa. —

My apologies to disappointed readers. I lost a day last week and by the time I realized it, it was too late to send in news items.

George McInvale visited his mother, Ruth Zanelli during the week end. They traveled on some woodsy roads Sunday in hopes to see a moose.

We had the first frost one night last week. It was a mild frost followed by a killing frost a couple of nights later.

Predators got into my chicken pen and dined on several fowl including my pet hen. We put the rest of the flock into the freezer and apparently the thief is still looking for an easy meal as Sandy the dog and Romeo the goose set up a commotion several times during the night.

Edna Seward has had a well dug near her house.

Colon Fuller had a sick spell Sunday afternoon. Elsie did not join the Senior Citizens on the bus Monday.

Bob Charron and friend of Douglass, Mass., were in town during the week end.

Larry Wade was in town over the week end.

WOODSTOCK C. OF C. HOLDS MONTHLY MEETING SEPT 12

The regular monthly meeting of the Woodstock Chamber of Commerce was held on Wednesday evening, Sept. 12, at the home of Mr. and Mrs. Ralph Bacon. The location of the meeting was changed at the last minute due to difficulties with the heat in the town hall. The meeting was opened by the president and minutes of the previous meeting were read by the secretary and approved. The treasurer reported $179.77 on hand and $4.64 in the postage fund.

First order of business was the printing of new brochures and Joseph Stowell, owner of the Onyx Printing Co. in South Woodstock, spoke to the group with his ideas. He is making a mockup and estimate for consideration at the next meeting.

The idea of also having picture postcards printed at this time was tabled until a later date. Meanwhile the president is writing to area postcard publishers for information on cost and minimum orders.

A letter was received from the Kennebunk Chamber of Commerce asking for information on the operation of this organization and it was voted to have the vice president answer the questionaire which accompanied it.

The president read the decree handed down by the PUC early in the month which dismissed the complaint filed against the local telephone company by one of the subscribers. He also read a letter from Elden Hathaway, owner of the telephone company, thanking the Chamber for its support.

In other business, it was noted the hedge surrounding the town common was still desperately in need of cutting and since the meeting it has been taken care of.

Discussion took place regarding the repairs which will be needed on the float before it is used next summer. It was decided that the float should be hauled out of the water and secured for winter rather than left in the lake as before. One of the selectmen present reported on repairs the town has recently done on a portion of the public wharf. He also noted a permit would be necessary before sand could be brought in and dumped at the beach at the head of the lake. The vice president reported on the reply written to the State Department of Transportation with remarks on their Action Plan submitted to us for approval. He said he felt the plan was a good one and would help bring the department and the citizens of the state closer together on highway projects in their area. His only concern was that the plan might involve too much red tape to allow for speedy completion of a project in an emergency.

A member of the Woodstock Conservation Commission spoke on that body's interest in seeing that the public spring located on Rt. 26 always be available as a source of good water for area residents and campers. They are investigating what steps might be necessary to assure this in the future. Finally it was suggested telling the local correspondent for the area newspapers about the fresh supply of Old Village of Woodstock pamphlets and this has since been done.

There were 13 members and one guest present at this meeting. The next meeting will be Wednesday, Oct. 10, at 7:30 p. m. at the fire station.

HOSPITAL AUX. TO MEET

Mrs. Adeline Dexter will host the Monday, Oct. 1, meeting of the Bethel Hospital Auxiliary at her home on Elm Street, beginning at 7:30 p. m. Plans will be finalized for the booth at the annual Hospital Fair.

BARRACKS & AUXILIARY TO MEET

The Barracks and Auxiliary #2943, V. W. I. will hold their regular meeting Tuesday evening, Oct. 2, at the Legion Hall. It will be preceded by a 6 o'clock pot luck supper. Auxiliary members are reminded to bring a hot dish, salad or a dish of their own choosing. Membership is stressed for October.

LA LECHE LEAGUE TO MEET IN BETHEL OCT. 3

The area La Leche League group will hold a morning meeting in Bethel, Oct. 3, at 10 a. m. at the home of Carol Bentley, Rt. 5—Songo Pond Road—Tel. 824-2794.

All nursing mothers and their babies are invited to attend, and expectant mothers who are planning to nurse their babies are encouraged to attend so they can learn more about Breastfeeding, and so they can meet other women who are breastfeeding their babies.

For further information call the group leader, Fay Corrin, Bryant Pond, 101.

Mothers are encouraged to call at any time for immediate help, encouragement, and practical suggestions regarding breastfeeding. Helpful literature, including information about the manual, "The Womanly Art of Breastfeeding," is available on request.

Mr. and Mrs. Barry Saxe, Weston, Conn., were week end guests of her mother, Mrs. Elmer Bennett.

THIS WORLD OF OURS

There are two types of organic materials, LIVING organics which are plants and animals, and FOSSIL organics such as coal and petroleum. LIVING organic materials are replaceable. That is, a sustained yield of wood, for example, can be achieved through a properly conducted reforestation program. On the other hand, there is no practical way that the natural reserves of FOSSIL organics can be replaced once they are consumed. This is the major reason for our fears of an energy crisis, since a large segment of industry require FOSSIL fuels for heat and power.

GIRL SCOUT LEADERS MET AT RUMFORD POINT CHURCH

The Telstar Association Girl Scout Leaders met Monday evening at the Rumford Point Church with the Council Registrar, Mrs. Frances Reeve and Council Field Director, Mrs. Betty Goodspeed in attendance.

Forms for the new computerized registration were handed out and explained carefully by Mrs. Reeve. When the new system is fully operational it will cut down on the paper work necessary to keep a troop functioning. Forms are to be in to the Contact person by October 24 to be picked up by Betty Goodspeed. Forms are to be filled out with a No. 2 pencil and are to be handled very carefully, taking care not to wrinkle or fold them as later they are to be fed into a computer.

Other activities were discussed, with special mention of troop treasurers' reports. The leaders that had sent in their reports for last year were commended and those that had not were encouraged to get them in. And everyone was asked to keep a careful record for the coming year.

The date for Leadership training will be announced to the individual new leaders and the first "College of Scouting" will be held Oct. 17 from 9:00 a. m. to 4:30 p. m. at the United Methodist Church, Park St., Auburn.

Calendar orders must be in October 15.

The fall Council Meeting is to be held October 24 at the Holiday Inn in Portland and is to be very special as it is the 10th Anniversary of the Council. Bernice Easter was reelected to a three-year term as Council Delegate. Other delegates from the Association are Ethelyn Hebert and Marj Kraske. Anyone else wishing to attend may let one of the Delegates know.

Those present at the Monday evening meeting were Denise Brown, Rachel MacKay and Mary Dooen of Bethel; Connie Beedy, Roberta Ramey, Connie Libby, Beth Williams, Pat DeGroot and Marj Kraske of Dixfield; Barbara Rock, Joan Howe and Ann Morton of Hanover; Ruth Naples, Gail Haines, Evon Holmes, Hattie Freeman and Bernice Easter of Mexico; Jean Worthly, Lucille Norris and Geraldine Donahue of Peru; and Sandy Welch, Ann Fraser, Sandra Dubois, Sue Rand and Bev Noland of Rumford

TELSTAR NEWS

School opened up with the normal amount of confusion and now, three weeks later things seem to have settled down. Conflicts in schedules have been resolved and the new class at Telstar (the seventh grade) has become more familiar with the school and they don't seem to be lost as much.

The clubs are beginning to meet and make plans for oncoming activities. Our athletic teams have all been winning and the Telstar Marching Band has been practicing a half-time show to be performed at the home varsity football games.

This column is to inform the citizens of what's happening at Telstar. It will be a weekly column written by two members of the Student Council. Next week's columnist will be Ellen Clark.

BASEBALL AWARDS BANQUET SEPT. 20 AT JACKSON SILVER

Jackson Silver Post held its Baseball Awards banquet Sept. 20, to honor its winning team in Locke Mills Legion Hall, with approximately 60 attending.

Seated at the head table were the Post Commander, Richard Melville; Unit President, Sylvia Dunham; NEC Alternate, John Howe; Athletic Officer, Leland Dunham; Chairman Insurance Trust, Jim Currie; Coach and Mrs. Charles Newell and the State Commissioner, who came to congratulate and speak to the boys as baseball has been his life work.

Commissioner Bruno cited the Legion baseball as one of the American Legion's most important Americanism programs.

Following the supper, Athletic Officer Dunham presented framed awards to: Peter Blake, Doug Brooks, Levi Brown, Bruce and Wayne Cummings, Dan and Steve Jack, Randy Olson and Richard Wing. Unable to be present to receive theirs were: William Murphy, Glenn Olson, Peter Wiese, Glendon Carver and Peter Seames.

The Batting Champ (Louisville Slugger) award was given to Wayne Cummings. Special certificates of participation were given to Anne Marie Rolfe and Coach Charles Newell. The coach was also given a surprise gift of money.

The Jackson Silver club came thru with 14 wins to 8 losses, placing them second in the zone two pennant race.

Much credit is due Coach Newell and Athletic Officer Dunham and his committee.

President Sylvia Dunham and her helpers served a delicious meal to the boys, their parents and friends. Guests included Roland Haggett and Bernard Gatchell of Norway.

Mr. Blake responded in behalf of the parents.

Post #63 will sponsor a team again in 1974 if the present enthusiasm continues.

SUNDAY RIVER

— Mrs. R. M. Fleet, Corres. —

Mr. and Mrs. Clayton Blake, Mr. and Mrs. Estes Yates and Russell Yates, have been entertaining some kind of a flu bug the last little while.

Bryce Yates has a crew cutting wood on the Floyd Verrill land.

The cat that was gone over two weeks from David Fleet's returned the other night with part of its tail gone.

Eddie Daye has made the evergreens around their place look ever so much better since he trimmed up the trees.

Elden Kennett was in Ketchum Saturday.

They had a family gathering at Bryce Yates' Sunday to look over some of the pictures of their recent trip to the West Coast.

David Fleet is putting in a cement floor in his cellar on spare time.

The neighbors saw a small bear Sunday afternoon between R. M. Fleets and the old school house. It sure was in a hurry.

NORTHWEST BETHEL

—Mrs. Louise B. Chapman, Corres.—

Coming by Sam McCoy's early Tuesday morning, I saw something that made me want to stop. In the corral was a colt, his long lean legs supporting a thin, sleek body. He looked at the car for awhile, then bounded over to his mother, playfully jumped up and down a couple of times and bounded away again. This colt was happy to be alive on such a crisp fall day. I thought for awhile about the extent of worries of the young, animal or human, knowing that all too soon the innocence of childhood is relinquished for adult responsibilities. Every day there will be new experiences and discoveries for the colt, all stepping stones to the future when he will leave the corral for the pasture. What happens to the colt when he is put into the pasture with others that are strangers to him, perhaps with different ways and ideas, is due largely to his early experiences and guidance. Maybe he'll want to go back to the security of the corral, maybe he'll want to break out of pasture in search of something better. Whatever becomes of this colt, for now his life is untroubled and uncomplicated and that is just the way it should be, because all too soon the innocence of adolescence is over. —

Seed Feeder $4.45

There's a lot of noise in this world we could all do without. But there are a couple of things almost everyone likes to hear; the sound of happy people and the music of birds singing in the morning. Which is why we're doubly pleased to be able to offer you either of these two bird feeders for just a few dollars each. Because they were made at the Sheltered Workshop at Pineland Center in Pownal. So when you buy one or both you'll not only bring a little music into your life, you'll also help a group of Maine people who deserve all the support and understanding we can give them.

Drop by our bank tomorrow and pick up your order form. And while you're here, take a look at both the sample suet feeder and seed feeder you'll find on display. When you do, we're pretty sure you'll agree, buying one is a sound investment for a lot of good reasons.

NEW LEGISLATION FOR HUNTERS

It is difficult to explain completely all the action taken by any session of the Legislature which affect hunters and fishermen, and no pretense is made that this is such an explanation. Nevertheless, there are certain aspects of the new legislation hunters should know about. So we'll list them here for your convenience . . . with a reminder that the list is incomplete and that checking the law booklet is still a good idea.

1. Bear season will close with the deer season this year. Open season begins May 1 next year. Using dogs in bear hunting is not lawful during the firearms seasons on deer or in May. No persons or persons hunting as a group may use more than 10 dogs in hunting bear.

2. It will be unlawful to hunt from any paved public way in Maine.

3. Falconry will become lawful in Maine Oct. 3, when these other changes also become effective.

4. Nonresident big game licenses go to $46.50 and small game to $22.50 Oct. 3. They may be bought at the current prices of $42.50 and $20.50 until that date.

5. Complimentary hunting licenses will be issued for Maine residents 70 or older who apply for them. Come Jan. 1, 1974, another change provides that a combination hunting and fishing license will be available upon request by residents 70 and older who apply for them. (These licenses carry certain vision requirements and must be renewed every three years.)

6. The penalty for conviction for not having a license issued under the fish and game laws shall be a fine of not less than $20 plus the cost of the license fee in question.

7. A pheasant stamp will be necessary to hunt or possess pheasants after Oct. 3. (Stamps are available from license agents and may also be bought at the Department office in Augusta; they are $1 each.)

8. The new "leash law," so-called, provides that no dog may be kept in Maine unless properly licensed; dogs may not run at large except when used for hunting. ("At large" means off the premises of the owner or keeper and not under control of any person by means of personal presence and attention as will reasonably control the conduct of the dog.)

9. Fluorescent orange clothing—an article in good and serviceable condition and visible from all sides—must be worn by any person while hunting with firearms during the open firearm season on deer, except when hunting waterfowl from a boat or blind or in conjunction with waterfowl decoys.

10. It will be unlawful to take or kill deer or other protected wildlife damaging clover, grain fields, and blueberry lands, except in the case of bear doing damage to blueberry land.

Several cottagers around this end of the lake have enjoyed the antics of a group of ducks as they cavorted and swam and spent nights on one wharf or another. Then to have them all shot point blank within the eyes and ears of the children as well as adults seems to have gone far beyond the range of humane decency and human dignity.

TELSTAR'S REBELS REMAIN UNBEATEN WITH 33-0 WIN OVER MONMOUTH

Defending champion Telstar Regional High School remained unbeaten in the Mountain Valley Conference with a 33-0 victory over winless but stubborn host Monmouth Academy Saturday.

Telstar now is 4-0 on the season and 13-0 over a two-year span. Monmouth slumped to 0-4.

Although the invading Rebels thoroughly dominated the first half, it took until the second quarter before they could clinch the outcome with two touchdowns.

The smaller Monmouth team time and time again rocked Telstar runners with tackles. Two damaging errors, however, contributed to the Mustangs' downfall.

Telstar broke the scoring ice early in the second period with a 44-yard march. Reserve quarterback Buddy Ellsworth's 33-yard pass to end Alan Seames produced a first down on the three and two plays later Ellsworth scored on a one-yard sneak.

Gary Wight place-kicked his first of three conversions.

Telstar's second touchdown of the quarter resulted from a 60-yard drive. A 15 - yard penalty, plus running by fullback Doug Brooks and halfback Paul Farrar, carried the Rebels to the three. Farrar scored from there.

The victors scored two quick touchdowns late in the third quarter. The first resulted from a fumble recovery on Monmouth's three. Blake scored on the first play. A pass interception on Monmouth's seven gave Farrar an opportunity to run the distance on the next play.

Telstar's final touchdown came in the fourth period on a 39-yard advance. Brooks gained 29 yards on two runs to give sophomore halfback Chris Olson a chance to score on a three yard plunge.

Quarterback Peter Waterman's passing to Gary Tinkham and the running of fullback Rick Preble enabled Monmouth to penetrate deep into Telstar territory several times.

The summary:

Telstar	0	14	13	6	—33
Monmouth	0	0	0	0	—0

T-Ellsworth, 1, run (Wight place kick); T—Farrar, 3, run (Wight kick); T—Blake, 15, run (Wight kick); T—Farrar, 7, run (kick failed); T—C. Olson, 3, run (kick failed)
